Exercise 15

Sample answer:

I met Lionel Messi in Barcelona when I was fifteen. I was walking near an expensive hotel, and suddenly I saw him. I was so excited, of course. I tried to shout his name, but my mouth didn't work. I tried to run to him, but my feet didn't work. I was really sad. But then he saw me and smiled at me. I wanted to talk to him and ask him some questions, but he looked very busy. I decided to go back to my hotel, but suddenly Messi shouted 'Hey.' I turned around, and he gave me a soccer ball! It was amazing, and I was so happy! I still feel good every time I think about it. And I still have the football, of course, but I never play with it because it's too special!

Guide for marking:

Exercise 15

Sample answer:

Hi

It's great that you're going to visit my country. I hope we can see each other when you're here. Let's try to make a plan to meet.

The best time to go is either April, May or June. The reason is that the weather isn't too hot and it isn't too cold. You'll probably get a lot of sunshine, too.

My advice is that you visit Paris, of course. When you are there, you should go to some museums and galleries. You can also enjoy the fantastic shops and amazing restaurants. I'll make a list of places you should go and send it to you later. OK?

I also recommend visiting Normandy. That's where I grew up. The beaches are beautiful there, and so is the food, especially the seafood.

Paris might be crowded, but Normandy will be more relaxed and peaceful.

Your friend,

These days I'm really busy. I'm studying English very hard. I also have a part-time job. I'm also unhappy because of the weather. I hate winter! That's why I'd love to have a relaxing holiday in a warm, sunny place.

I really want to visit Hawaii. I've never been there, but my brother and his wife went there a few years ago. They both said it was amazing, especially the weather. They took lots of photos when they were there, and I love looking at them. The pictures of the forests and volcanoes are my favourite!

I'd like to spend a few days shopping. I don't think I'll buy a Hawaiian shirt, though! I'd also like to spend a few days relaxing on the beaches. After that, I want to spend some time in the forests. I love being in nature! And, of course, I'll take lots of photos so I can show my brother and his wife.

Sample answer:

My best day was on Friday, 17th May. It was my twenty-first birthday, so of course I was excited.

In the morning I had breakfast and went to language school as usual, so it wasn't very special. At lunchtime, my friends bought lunch for me. That was really nice of them! We went to a small café behind the train station.

My parents sent me some money as a gift the day before, so I went shopping after school. I bought a video game and some clothes. After shopping, I went back home. I played my new video game for a few hours.

At 7 p.m., I went out for dinner with some friends. We went to a Spanish restaurant. The food was delicious. After that we went dancing at a club. It was a great evening and a great day!

Sample answer:

The object I will describe is my television. The screen is just 32 inches, so it is quite small. Most of my friends have TVs that are much bigger.

The shape is a rectangle, of course, like all televisions. Usually, TVs are black, but mine is a beautiful red colour. It's the same colour as a really delicious tomato. I really like red, and it looks great in my flat because I have a red sofa and a red carpet, too. It took me a long time to find a red TV, but I'm very happy with it.

I used to watch my TV almost every night. I wasn't busy last year, so I often watched films on DVD. However, nowadays, I'm very busy so I don't use it very much. Sometimes I watch Netflix or YouTube, and occasionally I use the TV for playing video games.

I hope that I get some free time soon. If that happens, I think I'll watch my television more often.

Exercise 15

Sample answer:

The best hotel I have ever stayed in was in Paris. I went there with my family when I was a teenager, and we stayed there for a week or ten days, I think.

There are lots of reasons why the hotel was so great. First, our rooms were really big and we had an amazing view of the city. We could see the Eiffel Tower from our window! Unfortunately, there wasn't a swimming pool but everything else was really good. We ate in the hotel restaurant most evenings and the food was delicious. That's why I love French food now. I think there was also room service but I'm not sure. The staff who worked at the hotel were all very friendly, too, and they helped organise a trip for us to go to Disneyland Paris.

In the future, I'd like to visit Paris again and stay at that hotel. I hope it is still very good.

Exercise 15

Sample answer:

I'm going to discuss two hobbies that have both good points and bad points: playing video games and exercising.

Video games have lots of good points. For example, playing them is fun and relaxing, and you can play the games alone or with other people. I often play them alone in the evening because it helps me to relax after work. However, video games are really expensive to buy, and if you sit too much when you are playing the games, it can be very bad for your body.

Exercising has a lot of good points. For example, it is really good for your body. Some gyms can be expensive but if you exercise at home, it doesn't cost any money. You can also go running without paying anything. However, you might get hurt if you exercise too much or in the wrong way, and some people are too busy to do any exercise.

I enjoy doing both hobbies, but I prefer playing video games because it's more fun.
